

Timing diagram for the Southern Regional HS

All units will enter the floor from the back right and exit to the **outside** from the back left. Upon entering the floor, each group will be able to use the entire right-side quadrant (side two- as viewed from spectators) to set up prior to total “show time” starting. After completing the performance, the vertical center timeline shall be utilized to determine groups off the floor when all *equipment and personnel* are to the left of the vertical center timeline. Please move quickly to the exit area.

Questions or clarification regarding this procedure should be directed to Tom Kelly @MAPS 215-840-0816. Do not wait until the day of the show for clarification.

The timing and penalties judge will help facilitate this process.

Total available floor 60X90 ft.
