

Timing diagram for the DOWNTOWN Event

This is a front to back setup. All units will enter the floor from the front right and exit to the back right. Upon entering the floor, each group will be able to use the entire front half of the gym floor (as viewed from spectators) to set up prior to total “show time” starting. After completing the performance, the horizontal timeline shall be utilized to determine groups “off the floor” when all *equipment and personnel* are behind the horizontal timeline.

Questions or clarification regarding this procedure should be directed to Tom Kelly @MAPS 215-840-0816. Do not wait until the day of the show for clarification. The timing and penalties judge will help facilitate this process.

Total available floor 60X90 ft.
