

## Timing diagram for the Coatesville event

All units will enter the floor from the back left and exit to the right. Upon entering the floor, each group will be able to use the entire left quadrant (side one as viewed from spectators) to set up prior to total “show time” starting. After completing the performance, the vertical center timeline shall be utilized to determine groups off the floor when all *equipment and personnel* are to the right of the vertical center timeline. All units will exit to the outside and are expected to vacate the area quickly. Please be prepared in the event of inclement weather.

Questions or clarification regarding this procedure should be directed to Tom Kelly @MAPS 215-840-0816. Do not wait until the day of the show for clarification.

The timing and penalties judge will help facilitate this process.

**Total floor space available 65’x90’**
